

Vote YES on Measure SST

Safe, Strong Torrance

Vote YES on Measure SST to keep Torrance SAFE and STRONG!

- Safe neighborhoods and schools
- Strong quality of life
- Strict fiscal accountability

Voting **Yes on Measure SST provides locally controlled funding** for local needs that cannot be taken away by Los Angeles County or Sacramento.

Measure SST is critical to keeping Torrance safe and strong. Increases in emergency 9-1-1 calls and rising costs to provide essential services for Torrance residents, along with stagnant revenues and unfunded State mandates, have resulted in deep cuts to public safety services, street repairs, afterschool programs and City infrastructure repairs. Without Measure SST, additional budget cuts will be necessary, impacting 9-1-1 emergency response times and the reduction or total loss of community services and programs.

Vote YES on Measure SST to:

- Maintain fire, paramedic, public safety officers and rapid 9-1-1 emergency response
- Maintain school crossing guards and school resource officers that keep students safe
- Repair streets and potholes
- Prevent thefts and property crimes
- Keep parks and public areas safe and clean
- Keep local libraries open
- Address Homelessness
- Strengthen the security of the City's computer network to protect residents' personal information from Cyber attacks
- Protect the City's financial stability
- Rebuild emergency reserves for disasters and emergencies

Mandatory Taxpayer Protections

- All funds must stay local to support Torrance city services
- LA County and the State cannot touch Measure SST funds
- Public disclosure of spending is required
- Mandatory annual audits and independent citizens' oversight
- Essentials like groceries and prescription medicine are exempt from the cost
- Out-of-town shoppers and visitors pay approximately 30% of the cost

Join Torrance's public safety leaders, businesses leaders, elected leaders, neighborhood leaders, long-time residents and vote Yes on Measure SST to keep Torrance SAFE and STRONG!
